📍 East Flanders, Belgium

Education

Master of Physics
KU Leuven, Magna Cum Laude
2022 - 2024

Bachelor of Mathematics
KU Leuven, Magna Cum Laude
2019 - 2022

Bachelor of Physics
KU Leuven, Magna Cum Laude
2019 - 2022

Skills

- Python, R, SQL, MATLAB, Mathematica, Git, Excel
- Analytical thinking
- Problem-solving
- Advanced statistics
- Quick learning
- Numerical modelling
- Numerical analysis
- Statistical analysis
- Communication
- Machine learning
- Efficiently working in team
- Punctual

Languages

- Dutch (first language)
- English (excellent)

Profiel

With my specialization in mathematical physics, I am both mathematician and physicist. I am passionate about science and solving complex problems. My education has, through many projects, prepared me for the manipulating and analyzing of data and the reporting of my findings. Beyond that, I have specialized myself in science communication. My ability to communicate research results through oral, written, or visual means is excellent. I am 100% committed to every project.

Achievements

- Participant in the International Mathematics Competition (2023)
- Finalist in the Flemish Mathematics Olympiad (2019)
- Finalist in the Flemish Chemistry Olympiad (2019)
- Finalist in the Flemish Geography Olympiad (2019)
- Finalist in the Flemish Mathematics Olympiad (2018)
- Finalist in the Flemish Geography Olympiad (2018)
- Finalist in the Flemish Junior Mathematics Olympiad (2017)
- Finalist in the Flemish Junior Olympiad for Natural Sciences (2017)
